

Cattlemen's Choice

BULLS • BREDS • COW/CALF

Saturday, March 30th, 2019
1:00 P.M. • Arthur Livestock Barn
ARTHUR, ILLINOIS

Welcome Cattlemen,

Cattlemen's Choice will feature the Angus Cow Dispersal of the Tom Stoutenborough Estate, Maroa, Illinois. Tom was a well-known cattleman and friend. You will like his Angus cattle, and there will be several cow/calf pairs by sale day.

Larry and Cindy Martin's Black Diamond Genetics will have a major herd reduction of our Simmental Cows., most will be cow/calf pairs. I will be keeping my Skittles daughters and granddaughters plus recipis carrying embryos to start my last herd.

Well-known cattle breeders will be selling top quality breds and cow/calf pairs – Angus, Simmental and Herefords.

If you need a good herd bull, make plans to attend. They will be semen checked and ready to turn out with your cows April 1st.

It's been a tough winter for livestock people, and we hope better weather is just around the corner on March 30th.

Thanks to Rachel and the Arthur Sale Barn. It's one of the cleanest barns in the Midwest.

Larry Martin, Sale Manager

ANNUAL CATTLEMEN'S CHOICE

SALE LOCATION

Arthur Livestock Barn
North Edge Arthur, Illinois

SCHEDULE

Cattle available for viewing on Friday, March 29th
after 12:00 noon and Saturday, March 30th a.m.

TERMS AND CONDITIONS

Cash or check payable on sale day to LMCS escrow.
All cattle purchased must be paid for on sale day
unless prior arrangements have been made with
Larry Martin. Please leave all registration transfer
information with cashier.

LIABILITY

All persons who attend Cattlemen's Choice sale will
do so at their own risk. LMCS, consignors and Arthur
Livestock Barn assume no responsibility for
accidents. All cattle are at the purchaser's risk when
sold. LMCS and Arthur Livestock will give assistance
in load-out and trucking arrangements.

12.3	1.2	63.3	89.2	4.4	18.0	49.6	125.1

Great data makes sire selection predictable. F113 combines excellent growth and muscle with breed leading names on both sides of his pedigree. Cattlemen involved in the Commercial circle should know how much POUNDS matter. Here is a power house of a bull that shows how genetics can put pounds on the ground and money in your pocket. I am confident he will transmit stretch and thickness with a splash of maternal foundation into his progeny which will increase profit down the line of production. Buy with confidence here, boys!

Always hate to see good ones go, but we know this Relentless son will make a strong positive impact in any operation! Not only does he have the performance data to sire fast growing efficient fed progeny, but his balance, build, and structural correctness is sure to set a foundation for quality replacement females. Don't miss the chance to add this progressive young sire to your operation!
